DNA Testing Prices (Prices are subject to change from Neogen)

The amount charged for a DNA test depends on the type of sample provided the table shows the price for each type of sample. Please note you will be invoiced on submission of your sample(s), but will not be processed until payment is received.

SNP DNA Profiles

In order to have calves registered an AI Sire or a herd sire must have one of the following SNP DNA profiles (Blonde Regulations section 9.1). Embryo donor dams also are required to have one of the following SNP DNA profiles (Blonde Regulations section 3.5).

In the case of AI sires registered as such prior to the introduction the SNP DNA profiles an exemption may apply but you are encouraged to check with Council prior to using these sires to ensure the calves produced can be registered.

GST Inclusive Pricing for Different Submission Types				
Test	Tissue sample	Neogen Hair card	Non-Neogen hair sample	Other eg semen straw
Blonde Standard Bundle (GGP LD (100K SNP) PV* + Poll + Coat test	\$80	\$85	\$94	\$94
Blonde Comprehensive Bundle (GGP LD (100K SNP) PV* + Poll + Coat test + Myostatin	\$98	\$103	\$108	\$108
GGP LD (100K SNP)	\$ 67	\$72	\$78	\$78

Parent Verification

Where parentage of a calf needs to be confirmed either from a multiple sire mating (Blonde regulations section 3.6) or from Embryo transplantation (Blonde Regulations section 3.5). The sire must have a SNP profile. This applies to the dam also in the case of an ET calf. The test is not compatible with MiP profiles.

GST inclusive Pricing for different submission types				
Test	Tissue sample	Neogen Hair card	Non-Neogen hair sample	Other eg semen straw
Sire Seek Parentage (500+ SNP)*	\$ 38	\$41	\$45	\$45

*PV*Initial Parent or Sire Verification will be completed at no extra cost if:*

- Parents details (must include case number/barcode) provided at the time of original submission and,
- Nominated parents must have compatible SNP DNA type for analysis
